ILCCO-INTEGRAL New Proposal Form *(version December 2023)*

Investigators who would like to propose a new research project, please submit the proposal via the online (https://redcap.research.bcm.edu/redcap/)
For all questions related to proposal submission system, please contact the support team (ILCCO-INTEGRAL.Support@bcm.edu)

I. Project Title		Date:
II. Project Group Investigators (List Names and Institutes) *(for external investigator- it is required to include at least 1 ILCCO/TRICL investigator in the Project Group)*		**Primary Contact Information**
		Name: Email: Tel:

III. Background

IV. Specific Aims

V. Methods

VI. Materials or variables needed from the study PIs (Please separate out the required vs optional components)

VII. Time line

VIII. Funding Sources and Declaration of Conflict of Interests. *To ensure full transparency and to protect collaborating study PIs, ILCCO/INTEGRAL requires the Project Leaders to disclose any circumstances that could give rise to a potential conflict of interests related to the proposed project activity in particular, or to lung cancer and/or tobacco products in general, including but not limited to funding sources, employment and consulting, board membership and investment interests within the last 5 years.*

IX. Other remarks (e.g. publication plan, etc)

X. Genetics-related project: Scope/Focus of your proposal (for tracking purpose - see definition below)

Scope (1=Genome-Wide, 2=Pathway analysis (e.g. Gene-sets, etc), 3=Targeted Regions, 4=Specific Pathways)
= _____

Focus (1=Risk, 2=Prognosis, 3=Both Risk and Prognosis, 4=Method, 5=Other Phenotype, 6=Interactions)
= _____
